

# Erin Skidds

## Full-Stack Software Engineer

**Phone:** (904) 994-3588  
**Email:** erin.skidds@gmail.com  
**Website:** <https://erinskidds.com>

Full-Stack Software Engineer with 5 years of experience facilitating engineering solutions with a wide range of e-commerce applications and technology skills. Proven ability to leverage front-end development knowledge and experience to build interactive and user-centered website designs to scale. Extensive expertise in large system architecture development and administration, as well as network design and configuration. Primary experience is with front-end technologies though I have begun dipping my toes in backend development.

### Relevant Skills

ReactJS/VueJS/AngularJS	JavaScript	MySQL/MariaDB/MSSQL	Windows Server	C#/C++/C
HTML 5/CSS3/SASS/SCSS	Node.JS	Python	Dart/Flutter	YAML/XML

### Professional Experience

#### Hometown Hero / Austin, TX

December 2023 - February 2024

Front End Developer

Laid off on **Good Terms** due to company wide budget cuts.

- Started migrating their Wholesale website from Shopify to a custom Vue.js Version 2 + PHP website.
- Assisted Chief Technology Officer & Backend PHP Developer in updating several backend plugins to accommodate for this wholesale website.
- Made several changes to their consumer website to make it more responsive and mobile-friendly.

#### The Storage Group, Inc. / Orlando, FL

August 2023 - November 2023

Senior Front End Developer

- Creation of WordPress websites using a few different pre-created templates utilizing several different plugins like Advanced Custom Fields.
- Assisted fellow Full Stack Developers in finding and resolving errors on iOS and iPadOS.
- Assisted Client Liasons in revising client's websites.
- Creation of custom WordPress websites with custom plugins and themes.

#### River & Reef Aquaculture, LLC / Tampa, FL

December 2021 - December 2023

Chief Technology Officer (CTO)

- This is a business that I am managing all technical operations for.
- Building e-commerce websites for aquaculture sales using Angular (TypeScript), MySQL & C# (.NET).
- Developing an API that communicates sales and support tickets between different parts of the websites.

#### Freelance Developer / Tampa, FL

Date N/A

Full Stack Developer

- Built databases and table structure following SQL language for web applications to increase the loading speed of websites and applications.
- Mentoring several people via my r/CodingHelp subreddit and discord server assisting in code reviews.
- Migrated WordPress websites with Angular (TypeScript) and Dart.
- Rebuilt applications from scratch using Dart & Flutter to increase the load speed of our applications and websites.
- Developed API tests via Angular (TypeScript) and Dart to increase the stability and speed of our applications.

### Projects

#### Online Portfolio

<https://erinskidds.com>

Written in HTML, CSS, PHP, JavaScript & MySQL

- Stores a detailed list of all 12+ website and mobile app projects with screenshots.

#### C# (.NET) & C++ Projects

<https://github.com/DudeThatsErin/>

Written in C# (.NET) and Python with Node.js

- While teaching myself C# (.NET) and Python and C++ I created several different projects which can all be found on my GitHub.

### Education

#### Florida State College / Jacksonville, FL

May 2015

B.S. Computer Science, Information Technology Management Degree

#### Florida State College / Jacksonville, FL

May 2013

Associates Degree in Arts
