Portfolio: [www.erinskidds.com](http://www.erinskidds.com)

Experienced Full-Stack Developer adept in front-end web development, Python, and AWS tools, with a proven track record of designing scalable systems and collaborating effectively across teams. Skilled in front-end development with a recent focus on backend development as well, with a commitment to delivering high-quality solutions that meet business goals.

## EXPERIENCE

### Full-Stack Software Engineer

Austin, TX  
2024 – Present

Tenderling Design

- Built websites for hotel brands like Hilton using WordPress, Roots/Sage and Alpine.js
- Delivered projects under tight deadlines, quickly learning new tools and technologies.
- Translated Figma designs into fully functional websites.
- Achieved proficiency in WordPress Theme development and front-end libraries.

### Freelance Full-Stack Engineer

Austin, TX  
2019 – Present

Self-Employed

- Established and led the r/CodingHelp subreddit and Discord server, mentoring numerous individuals in JavaScript, Node.js, HTML, CSS, and SQL, fostering skill development and conducting thorough code reviews.
- Developed a Discord Bot to streamline moderation tasks for the moderators of the r/CodingHelp Discord server.
- Served as a Freelance Full-Stack Engineer for River & Reef Aquaculture, prior to assuming my current role.
- Led the comprehensive reconstruction of the TravelAgent360 website using WordPress, resulting in a notable increase in client acquisition for the platform.

### Senior Front-End Software Engineer

Austin, TX  
2023 – 2024

Hometown Hero

- Reduced business operating cost by migrating eCommerce platform from Shopify to Vue.js
- Collaborated with the Chief Technology Officer (CTO) and Backend PHP Developer to enhance backend plugins, aligning them with evolving business requirements during a transitional phase.

### Front-End Software Engineer

Austin, TX  
2023 – 2023

The Storage Group, Inc.

- Developed WordPress websites leveraging templates to meet client specifications.
- Supported Full-Stack Developers in identifying and rectifying errors on iOS and iPadOS platforms.
- Provided guidance, mentoring, and training to onboarded Front-End Developers.
- Collaborated with Client Liaisons to refine and enhance clients' websites.

### Full-Stack Software Engineer

Tampa, FL  
2022 – 2023

Morris Consulting Services, Inc.

- Utilized C#/CSHTML & .NET/ASP.NET to maintain and enhance the backend of all client websites and services, ensuring optimal performance and reliability.
- Conducted seamless migrations of WordPress websites utilizing Angular and Dart technologies.
- Spearheaded the reconstruction of applications from the ground up using Dart and Flutter, resulting in heightened stability and performance.
- Engineered API Tests employing C#, Angular and Dart, significantly enhancing application productivity.
